CD/DVD
LABEL MAKER

Now Supports HP LightScribe Direct Disc Technology™
Professional Labels for Your Video and Audio Collections

Why let the artists have all the fun? Create your own CD/DVD labels and jewel cases with the ultimate in ease and flexibility! If you are sick of guessing what songs are on what CD, get the label maker that automatically puts your track list on your CD/DVD label!

Chock full of custom art for holidays and special occasions like Christmas, Valentines, birthdays, vacations, weddings and more! Automatically imports your track information from Acoustica MP3 CD Burner, iTunes, WinAmp, Easy CD Creator or any other popular play list or previously burnt CD! Print on standard paper, stock sticker labels, CD jewel case templates or print directly on a CD or DVD!* Automatically import your iTunes play lists!

★NEW Automatically align your printers with the Printer Alignment Wizard!

★NEW Now reads data or backup CDs and creates an instant summary!

★NEW Video DVD / Chapter support!

Imagemixer Label Maker can:

- Get song information directly from CD's, DVD, and MP3 CDs
- Read CD text or look it up on the Internet via FreeDB
- Read data or backup CDs and create instant summaries as well as providing Video DVD Chapter support
- Import songs from Easy CD Creator, Nero, iTunes, Winamp, Acoustica, e-music and others
- Accepts manual typing for lists

LightScribe
DIRECT DISC LABELING

Now Supports HP LightScribe Direct Disc Technology™
Professional Labels for Your Video and Audio Collections

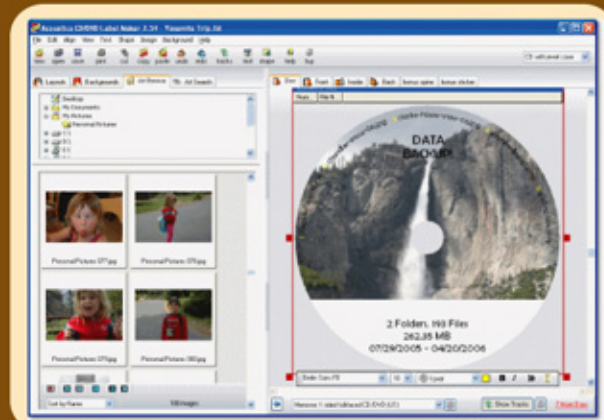

Imagemixer Label Maker makes printing tasks simple. Automatically import play lists into appealing arrangements with a variety of options:

- Easily fit track lists of up to 200 tracks on a single CD
- Wizards for creating CD/DVD/mini CD labels and CD jewel cases
- Supports 99% of stock CD labels and CD jewel case templates
- Support for the new direct-to-CD printers
- Support for DVD cases
- Supports Asian fonts
- Supports .gif, .tiff and various digital camera RAW image formats

Imagemixer Label Maker includes stock art. Choose themes from birthdays, weddings, jazz, hip-hop, classical, rock, holidays & more. Use our artwork or import your own. Great for creating gifts for family and friends.

With Imagemixer Label Maker you can:

- Use stock art
- Import your own photos
- Import art/photos from the Internet
- Add as many pictures as you want
- Create curved and spiral text
- Create two column song lists that can be listed on the left, right, bottom and top
- Burn labels directly on CD or DVD
